(LETTER DICTATED IN JANUARY, 1981 BY FR. ALOYSIUS ELLACURIA, C. M. F.)

WELCOME THE PROFESSED M. A. P. TO THE MAJOR SEMINARY OF SAN JUAN DE LOS LAGOS!

MY DEAREST DAVE, I MUST CONGRATULATE YOU FOR YOUR LETTER OF JANUARY 9TH. YOU, DAVID, CAUSE THE GREATEST JOY TO ME WITH YOUR TREMENDOUS IMPROVEMENT FOR THE MIRACLE THAT OUR LORD DID FOR YOU IN ALAMOS. WHEN THINGS WERE GOING BAD FOR YOU AND LOOKING EVEN DESPERATE, I PRAYED FOR YOU WITH ALL MY HEART, PARTICULARLY FOR YOU IN THE HOLY MASS, SO THAT THE ALMIGHTY GOD, THE ETERNAL FATHER, THROUGH CHRIST, WITH CHRIST, AND IN CHRIST, AND THE INTERCESSION OF THE BLESSED MOTHER, WOULD CHANGE YOU COMPLETELY AS THEY MARVELOUSLY DID. BE MOST THANKFUL TO GOD, BECAUSE GOD MUST LOVE YOU VERY MUCH WHEN HE HAS PERFORMED THIS GREAT MIRACLE IN YOU. I CONGRATULATE MYSELF GREATLY, IT GIVES ME GREAT JOY TO WITNESS THIS MIRACLE! THESE MIRACLES OF GRACE, SPIRITUAL MIRACLES, ARE, IN THE EXPRESSION OF ST. AUGUSTINE, EVEN GREATER THAN THE RESURRECTION OF THE BODY. AND YOU MUST HAVE THE MOST GRATEFUL LOVE OF GOD FOR LIFE AND ETERNITY FOR THE OUTSTANDING LOVE OF GOD FOR YOU!

I DO AGREE "TOTO CORDE" (COMPLETELY) TO HAVE AT LEAST ONE YEAR OF POSTULANCY AND TWO OF NOVITIATE, BEGINNING THIS COMING SEPTEMBER 8TH -- IF YOUR BISHOP APPROVES OF IT. HE MIGHT NOT LIKE THE IDEA AT ALL BECAUSE HE WANTS NEW YOUNG PRIESTS AS SOON AS POSSIBLE IN HIS DIOCESE.

DO FORGET COMPLETELY, AND NEVER REPEAT TO ANY, EVEN TO OUR OWN FUTURE CONFRERES ABOUT THIS INCIDENT WITH FR. BOBODILLA. BUT BE CAREFUL IN YOUR DEALINGS WITH HIM. MAKE THEM AGREEABLE EVEN IF HE IS NOT AGREEABLE TO YOU.

CLOSE ONE EYE TO THE DEFECTS OF OTHERS. BE VERY DISCREET IN CLOSING ONE OF YOUR EYES TO THE DEFECTS OF OTHERS, AND OPEN THE OTHER EYE JUST ENOUGH TO GET AROUND.

ALL OF YOU BE VERY CAREFUL IN SAYING ANYTHING AGAINST ANY OF THE PRIESTS AT ANY TIME. DO NOT SPEAK OF THE POLITICS OF MEXICO. IF SOMEBODY SPEAKS TO YOU ABOUT THEM, JUST LISTEN TO THEM WITHOUT LETTING THEM KNOW YOUR OWN OPINION. SPEAK THE BEST POSSIBLE ABOUT WORLDLY MATTERS, RATHER ALWAYS ABOUT VIRTUE AND KNOWLEDGE AND ABOUT POSITIVE MATTERS THAT HELP YOU FOR YOUR FORMATION. STUDY ALL YOU CAN ALL OF YOU. STICK TO THE SPIRIT OF OUR CONGREGATION. LOVE AND EXAMINE THE HOLY CONSTITUTIONS THOROUGHLY. THEY ARE YOUR RULE OF LIFE, YOUR WAY TO HEAVEN. SO MAKE THEM THE SUBJECT OF YOUR MEDITATIONS AND YOUR SPIRITUAL ADAPTATION.

WE ARE HAPPY TO KNOW THE GOOD NEWS THAT YOU EXPRESSED IN REGARD TO THE SEMINARY IN SAN JUAN.

DON'T THINK OF CHANGING THE HABIT WHILE BISHOP MIGUEL IS YOUR ORDINARY. BUT THIS MATTER OF HABIT DID NOT BELONG TO THE BISHOP BUT BELONGED TO THE FOUNDER WHO WAS THE ONLY ONE WHO SHOULD HAVE BEEN CONSULTED.

IN THE MATTER OF THE SPIRITUAL DIRECTOR THE HOLY MOTHER THE CHURCH LEAVES COMPLETE FREEDOM. NATURALLY THERE

IT WOULD BE EASIER DURING THE SUMMER. NEXT YEAR IT WOULD BE THE BEST TO DEFINITELY MOVE TO GUADALAJARA.

BOY WHO WANTS TO COME FROM SAN JUAN, RAMBUNCTIOS.

DAY BEFORE YESTERDAY, CALL FROM O'CONNOR, PRIMARLY PROBLEM OF THE SEMINARY, HE SAID AMONG OTHER THINGS, WHERE TO GO IN THE SEMINARY. WE MUST STUDY THE WHOLE,

BISHOP MIGUEL SAYS A WORD TO THE RECOTR, WITH A WRITTEN RECOMMENDATION OF THE BISHOP.

HOW MANY ARE THEY? 18,

PROBLEM WITH ENRIQUE, WHO LEFT TWICE WITHOUT PERMISSION.

BY THE MERCY OF GOD II HAVE BEEN SAVED FROM DEATH BY.

IN FIDEL JIMENEZ, AND KEVIN MATTHEWS TWO TERRIFIC HELPS. WE SHOULD BE VERY HAPPY.

I WOULD LIKE TO SEE YOUR SEMINARY GROW.

SANTINI WILL SOONER OR LATER RECOMMEND HIS INTELLECTUAL FRIENDS TO THE MONASTERY.

NO MATTER THE COST, TO HAVE ABUNBANDANT WATER, ONE OF FOUNDERS PLAN, THE MEMBERS OF THE BOARD HAVE RECEIVED THIS PLAN VERY WELL.

PRAY THAT THE BOARD, HAVE HIGH IDEALS, GET TOGETHER, THAT THEY DON'T SEEK ANY OTHER MOTIVATIONS.

PLANNING TO LEAVE EARLY ON SATURDAY TO GO TO SAN JUAN DE LOS LAGOS, JUANARY 4TH, 1981

IS BRO GREGORIO IN BETTER HEALTH. LET US HOPE THAT HE PERSERVERS.

IS FREEDOM AND THERE IS PRUDENCE -- BECAUSE A PRIEST FROM OUTSIDE CAN DESTROY THE WORK THAT OUR OWN PRIESTS ARE TRYING TO BUILD.

DO PRAY CONSTANTLY THAT NEAR THE SEMINARY OUR LORD MAY EVENTUALLY PROVIDE SOME GOOD QUARTERS FOR THE M. A. P. THAT BE THE HOUSE OF STUDIES AND SPIRITUAL FORMATION. BUT NEVER TALK ABOUT IT WITH THE OUTSIDERS. PRUDENCE, MY DEAR SONS, PRUDENCE! BECAUSE THERE ARE SOME AMONG YOU THAT CAN NOT KEEP ANY SECRETS. A PRIEST MUST BE A MAN OF SECRECY AND GREAT RESERVE.

YOUR LETTER, DEAR DAVID, MADE ME VERY HAPPY. I OVERJOYED WITH THE GOOD NEWS FROM MY DEAREST SONS OF M. A. P. IN MUTUAL PRAYER. IN THE MOST BLESSED SACRAMENT AND THE IMMACULATE HEART OF MARY,

PATERNALLY YOURS IN THE MOST BLESSED SACRAMENT AND THE IMMACULATE HEART OF MARY,

Reverend and dear Father Founder:

1) Mary Little sent \$2,500.00 to us for the support of Ismael Figueroa. Her phone number in Portland is (206) 695-1405 in case Your Reverence would like to thank her personally. (Address = P.O. Box 10944, Portland, ORE 97210.)

2) Hno. Raymundo Meza told me privately that he wakes up each night paralyzed for about 5-10 minutes. This has been happening with more and more frequency since he got to the Monastery, although it did happen a couple of times before. At first he thought it was the devil. He told his confessor. The Confessor told him to see a Doctor. We're going to Oregon to see Dr. Andrade on Friday (this doctor is a psychiatrist, uncle of Marco). Raymundo said

that when this happens once at night, he knows it will not happen again in the same night. Now it happens every night, and so bad he cannot even move his little finger.

It used to cause him great anxiety. Now he says he's getting somewhat used to it.

3) Marco, they say, is not going back to Tapalpa in Cuadalaajera; for family problems. We'll try to invite him back here.

4) Ramón Angulo Arámbula is quite a person.

5) The phone number at the Seminary in San Juan is: Area Code (378) # 51414. It was not working last week. Maybe it is now.

Love, R. Carlos

Reverend and dear Father Founder:

The enclosed paper represents the results of the chemical and biological analysis of the water in our well. Since it says that the bacteria per ml. should not exceed 200, it means that we do have too much bacteria, the Doctor told me today. He also said that the really dangerous zone starts at 1,000. But he said we definitely cannot drink this water, but only to drink purified water or water boiled by ourselves. This well water can be used for watering the trees or bathing in.

This letter I am giving to our good friend, Robert Sanchez, who is here right now. He also offers to bring things for us from the U.S.

We are praying for your health every day, Reverend Father.

JAN 17 1980

Dear Fr. Alaysius,

Receive my warmest greetings in the Most Blessed Sacrament and the Immaculate Heart of Mary. May this letter find your Reverence enjoying better health.

After talking with Fr. Charles about some things, he recommended me to ~~or~~ write your Reverence about them. The first is that it seems to me that a longer term of postulancy - noviciate is good for the Congregation, because a candidate is unable to acquire enough experience of the Congregation and the Religious Life in only one year. Some of my fellow-professed had less than a year when they took ~~to~~ vows on August 15th. I wish to hold nothing against them, because they were undoubtedly more fervent than I. They were the "eagles" and not the "senior birds" of the community, such as myself. But I must

JAN 17 1980

three classes and a religious formation orientation this semester.

The orthodoxy of the studies seems to be all ~~ought~~ all right. In comparison with Guadalajara I have heard that it is more conservative. In my opinion I think it is one of the most conservative seminaries in Mexico. The seminary here is strict as far as the schedule is concerned. One has to be on time for all activities. Each seminarian has a ~~se~~ room. In Philosophy there is a common bathroom, but in Theology each room comes with a bathroom. The system of superiors in San Juan is well organized and the students take on responsibilities also in the up-keep of the seminary. For each class of students there is an "suplente" or person-in-~~car~~ charge. The food is ~~fine~~ fine; I do not think we are going to have any more trouble as we did in Ojo de Agua.

Now, I wish to mentioned to your Reverence about the habit described by your Reverence to Fr. Charles. I think it is fine and I could have a text habit made with some nuns here in "los Altos". They are the same ones who made our cassock. If your Reverence

thinks that the idea of making a test habit⁴
is fine, your Reverence could send me
more detailed information about the design
and color of the habit. Bro Bill was talking
to me about putting an emblem of the
Immaculate Heart of Mary on the habit. What
does your Reverence think of this?

The last thing I wanted to ask your
Reverence. As far as a spiritual director is
concerned, should or should we not go
to a priest here in the Seminary?

I hope that your Reverence had a
very holy and happy Christmas. In
closing, I ask your Reverence for
prayers! May God bless you, Father.

Your son in the Most Blessed Sacrament
and the Immaculate Heart of Mary

Reverend and dear Father:

We are praying for your Reverence's health, hoping that God is giving you greater strength each day.

Yesterday I went with Br. Raymundo to the Doctor. - The Psychiatrist (Dr. Andrade) in Obregon. This doctor is Marco's uncle. Raymundo apparently has a neurological problem which the doctor is working on, with encephalographs, etc. This good, Catholic doctor took the time to tell me about the problems in Marco's family and background. This helps me a lot. He said the problem in all his brothers and sisters is

JAN 16 1980

Insecurity. He says the problems are very serious. He explained them in greater detail. But he said Marco is a real "question-mark" for him.

Enrique is still in Oregon.

We're gradually acquiring more dogs.

The plan I have is to go down to S. Juan de los Lagos for their semester break (Feb 3-6).

My best to Kevin.

In the Most Blessed Sacrament
and The Immaculate Heart of Mary,

Reverend and dear Father Cloysius:

1) Marco shows signs of a desire to come back to the Monastery. Your Reverence advised to say to him "How we miss you!" and that really does work.

2) A prayer intention: a marriage I blessed in March, 1980, between an elderly American lady and an elderly Mexican man appears on the verge of a break-up.

They come to me for counseling. So many hard feelings...

3) Some of the problems here in the community would seem to come from neuroses to varying degrees in some members, even in myself. I say "neuroses" with all love for those afflicted by ~~this~~^{such} illnesses, because their faults do not seem intentional. Their intentions always seem to be so good, but their reactions (e.g. irritability, sadness, incommunicability, etc.) would seem to be beyond their control, stemming more from the subconscious, unknown past influences, unknown to the person himself. In my own opinion, which may be mistaken, I would class in this group: myself, Ismael, David, Cesario and John, as well as Marco and José-Humberto. Dr. Andrade feels this way about Marco and Ismael.

Naturally, as Your Reverence used to tell us, "grace builds on nature" and that of the two "grace is more powerful".

Your Reverence's advice would be so helpful to me. Your Reverence has so much experience in dealing with people. I do love These Brothers so much, and I am asking God to continue increasing this love.

4) Today we would like to send Bro. Cesario to Sonoyta, Sonora, to get the three boxes left there by Mrs. Rabideau.

5) Brother Gregorio asks if he should resume writing to his parents.

6) To Kevin: Mrs. Cesario asks whether his parents wrote. He says they will get all excited if he doesn't answer their letters in a timely fashion. He also asked about the credit cards - if all is o.k.

7) Raymundo is back from Obregon. The doctor is giving him pills to take indefinitely. I'm going to try to get Raymundo to write all about it to Your Reverence.

8) We're taking the truck to Navjoa to get it serviced tomorrow. (Sounds to yrs. old.)

REPORT FOR BOARD MEETING

1. Water sample: Quimico Valdez of Navojoa examined water sample taken from well in front of property. This laboratory found 400 bacterias per mililiter, and stated that it should not exceed 200 in order to be safe. When I asked Dr. Guerra in Alamos, he said to boil the water or use it only for irrigation or bathing. Otherwise use purified water. He said the extremely dangerous point would be 1,000 per ml. He also stated that one of the types of bacteria is salmonella which causes hepatitis. He mentioned two other types that I had never heard of as being common in this area, even in the city water supply when their chlorination fails. The results of this finding were sent to Los Angeles with Robert Sanchez, to be hand delivered.

2. To scrape the outside wall in front of the monastery, a man submitted a recent estimate for \$23,000 pesos (about \$1,000) which includes patch work where needed. Hno. Cesario will send results of work projects and estimates in greater detail.

3. We are depositing checks right here in Alamos, that is, checks received as donations in the mail from the U.S. Report of each deposit is sent to Secretary.

4. We are gradually getting more dogs to protect the garden. At present we have three, and two more have been promised us. Perhaps we will need dog houses for them, and also a chain link fence to keep them from coming into the house and patio area (as soon as they are loose, they invariable come into the living area). We understand that their purpose is to roam freely in the garden to keep out intruders who come in often and pick the fruit.

5. Joaquin Bours has offered us a cow and a German shepherd dog. If he is slow in bringing these things, it is only because he is so busy. We have the chickens that he brought about a month ago. This is a good source of eggs for us, about a dozen a day, from 25 chickens. We would like to put up another coop for chickens to eat, as the ones we have right now are the laying hen breed.

The cow will most likely have to be kept in restricted areas so as not to eat the leaves off the fruit trees.

We do not have pigs any more, for two reasons: 1) they are so dirty if you keep them penned up; 2) wheat chaff is expensive to buy to feed them; otherwise if you let them out to graze in the garden, they eat out the planted vegetable areas unless they are fenced in in restricted areas.

We need advice as to how to dispose of the various areas of the garden: for livestock or for vegetable and-or fruit tree growing.

6. The cars and trucks: To have cars and trucks here has its advantages and disadvantages. The advantages are 1) mobility for the community, especially for recreation, shopping in Navojoa for articles unavailable in Alamos and too heavy to lug around; disadvantages: 2) renewal of permit to drive car in Mexico; sticker runs out every six months; unavailability of parts for replacements; the back roads are bad for taking city cars or trucks on them.

7. We do not know what to do with the larger double beds. We cannot get estimates, but buyers are easy to find. The danger rests in leaving the beds in storage because of leaky roofs, cracked doors for water to come in, the constant threat of termites.

8. During Christmas holidays, all the rooms were full. It seems we may eventually need a dormitory where 50-100 persons can sleep in individual compartments that have just a bed or cot, nightstand and chair. Each cell could be about 7 feet by 5 feet, with a curtain at each door, all separated by a center aisle. Fans a must for summer.

JAN 22 1981

JAN 22 1981

If each room has a small sink and mirror to shave, that will take away a lot of crowding in public bathrooms at end of hallway. This dormitory might be built in the garden, and first used for all new postulants. Professed religious could remain in the "Motel" area.

9. Eventually a new Chapel, to seat anywhere between 50 and 100 people, could be erected in the garden, near the new dormitory, or as a part of the dormitory, for example in the middle of the dormitory for protection of the Most Blessed Sacrament at night from possible vandalizers. This also focuses the attention on the Eucharist as the center of our lives.

10. If a chapel cannot be built in the foreseeable future, we might consider getting more kneelers or benches, as the kneelers we have were filled to capacity during Christmas when all the members were here.

11. There is a highschool in Navojoa called Don Bosco for young men. The teachers invite us to go out there and make a vocational appeal to these youngsters. They also asked if we could invited all of them to the monastery to see the living quarters. In these types of outings, they usually come between 50-70-100 in buses and like to see the whole place. How much can we permit them to see? What would be the most discreet policy on this type of invitation to outsiders with vocational interests, even if these interests are not very strong? (We do have cloister areas.) They like to spend the whole morning and afternoon with us.

11. Should we get the truck serviced regularly in Navojoa at the "Navojoa Motors" which is a GM and Chevy dealer?

12. What should we do with the 1972 Pinto? Its permit ran out on Jan. 5, 1981. It is out of order, and parts are available in the States.

13. New vocations are usually poor, with a few exceptions. They need dental care, because usually they've never had their teeth fixed, nor brushed, in their lives. Also, some have doctor problems. They need watches to keep with the schedule. Some need clothes.

14. The two different builders who took notes and measurements regarding the new roof to the kitchen and dining room, have never come back. That was about two months ago. Some of the beams have termites. The beams are hard to reach.

15. Should we consider the possibility of sending professed religious brothers out to learn skills in night schools, even to other towns (e.g. automechanics, nursing, music, etc.)?

16. We could use advice on how to spend recreations: for example, some kind of group activities that promote cohesion among all of us. There might be even books published on this aspect.

17. Joaquin Bours told us to be most prudent concerning the barn and the possibility of eviction. He said that it's not that easy because the bank that is renting it is the 30ft's bank; and the lawyer for us in Obregon says to handle one thing at a time.

18. We might look into the possibility of having a garage to park the cars in,

JAN 22 1980

because during the summer the heat is enough to melt the dashboard and indicators like speedometers, etc. The car-port is torn down.

19. The fly machine could be brought down here by Robert Sanchez who has offered his services along this line. Other boxes could be given to him to bring down.

20. What about the necessity for residence visas in Mexico? Possibly the Jesuit priest friend of Joe O'Connor in San Diego, the one who lived many years Mexico, may be able to say.

21. Concerning the swimming pool, it seems the best thing to do, even economically, is build a new one.

22. We have the bank checking account for the Brothers in S. Juan de los Lagos here in Alamos. Is this the way it is supposed to be? As it is now, they have me send back to them the checks that they think they will need for the following weeks, with my signature on them. Brother David has to add his.

23. Eventually we would like to publish a prayer book for the Congregation. There are some good prayer books in our chapel. However, some of the prayers that are specifically for the M.A.P. are on typed or mimeographed sheets that the Brothers must keep in their kneelers. It would be nice to have about a 30-50 page booklet printed with the extralitururgical prayers in them in Spanish.

24. Three of our brothers are going to school during the day or evening. They are making up for the time they did not go to school when they were in the world. The way it looks, upcoming vocations, (or many of them) will be coming to us without highschool studies, and many without gradeschool. Thus, before they can start the novitiate, they will have spent six years in school (to take three years of secondary school = grades 7-9; and three years of preparatory school = grades 10-12 inclusive). To enter the seminary in philosophy studies, one has to have finished preparatory by obligation. This schooling is not expensive, but it does involve 6 years.

25. At present we are 10 in Alamos, and 6 in San Juan de los Lagos. There are young men in the region who show interest in knowing more about us. This can be done by inviting them in, for example to stay a few days to see how they like it. If we go out and do some vocational campaigning, it won't be a surprise to get many interested prospects. Your advice would be helpful on just how to organize my time so that I can accommodate these young men, giving them conferences and private interviews once they get here.

Most gratefully to all six of the Board of M.A.P.

In the Most Blessed Sacrament
and the Immaculate Heart of Mary,

Dear Fr. Aloysius and Board of Directors,

Enclosed with this short letter is the Financial Statement for December 1980. It is all in pesos. Kevin will be able to make the necessary adjustments for you in dollars.

I hope that you received our requests for checks. It will be a ~~little~~ bit more expensive for us at the beginning as we are getting ourselves settled and everything here in the seminary in San Juan de los Lagos.

We are looking forward to hearing from you soon. Keep us in your prayers as we do for you.

In the Most Blessed Sacrament,
Br. David Seneo, M.A.P.

Figure 1 consists of seven sub-diagrams labeled (a) through (g), illustrating the temporal evolution of a vortex core. Each diagram shows a distribution of points representing the vortex's structure. (a) shows a single, roughly circular vortex core with a central point labeled 'singularity'. (b) through (f) show the core elongating horizontally and developing a secondary singularity at the right end. (g) shows the final state where the core has split into two distinct, separated vortices, each with its own singularity.

Dear Father Charles:

I want to take this opportunity to review the Seminary situation with you. Enclosed is a rough of my observations of the Seminaries. In making your decision on whether or not to change Seminaries I think the following should be considered:

1) Change of Seminaries should only be done after careful consideration of all of the favorable and unfavorable factors.

2) Since change tends to show instability change should not be undertaken unless the facts supporting study at the new Seminary clearly outweigh study at the existing Seminary (San Juan de Los Lagos).

3) Good relations with the Bishop should be a consideration.

4) Reputation among the Episcopacy in Mexico should be considered.

5). According to Father Charles Carpenter, Bishop Miguel has stated to Father Charles that he shouldn't be changing seminaries. He further stated that he didn't think another Seminary would take us. His statements should not be routinely dismissed, but rather weighed with care, in view of the fact he was not the moving party in initially selecting the Seminary, but rather only acquiesced in the selection. A change will tend to embarrass him in the eyes of his friend, the Bishop of San Juan de Los Lagos.

JAN 22 1980

6) Absolute clarity on all of the ramifications of a change should be known before a change is attempted.

A) Will the Guadalajara Seminary accept us?

B) Can our Seminarians transfer their credits?

C) Do the two Seminary Courses overlap so that there will be no loss of class standing so that they will be able to complete their studies in the normal four years?

D) The content of the courses from both school's catalogues must be examined. Copies of the catalogue should be obtained. I believe when we were looking at the catalogue for the Guadalajara Seminary there was a problem with the study of Metaphysics. As I recall Metaphysics I was taken by the Freshman at Guadalajara and was not taken by them at San Juan de Los Lagos.

7) Do not change Seminaries solely on the basis that you believe (if you do) that a mistake was made in the first instance in going to San Juan de Los Lagos. The choice cannot be undone and there are new factors to be considered since the initial choice was made.

8) Reach a reasoned conviction in your own mind based upon all of the pertinent facts. Be careful not to decide based upon what someone else thinks or recommends. If you made a decision solely on someone else's recommendation, it is not really your decision. You should probe for the underlying reasons of why a third person makes a recommendation, and base your decision upon the reasons.

9) Be careful not to place undue weight on relatively trivial matters such as inadequate food or a sanitation problem that can be easily corrected. Proper perspective is the key.

10) Attraction of vocations. The decision on the Seminary Selection has far reaching impact on M.A.P. and the decision for a change of Seminaries probably could not later be undone. Our Seminarians will probably attract vocations at either Seminary

due to their contact with other young men studying to be Priests. Is there a way to measure which Seminary would offer the best environment to have the type of Seminarian you suspect will be attracted to M.A.P.?

Thank you for letting me express my views on this matter. All of us should pray that the correct decision be revealed to you.

Very truly yours,

JOSEPH E. O'CONNOR

Dear Fr. Aloysius,

May the Most Bl. Sacrament & Our Mother
of Fatima keep on showing you with Love &
Graces.

We continue trying to make the
necessary material improvements around
the Monastery as described in the attached
Reports.

Above all, for spiritual purposes like the
Perpetual Adoration, we need an ongoing influx
of Holy vocations. Pray the Lord of the Harvest to
send them to us. They can also help us with the
material improvements.

In Jesus & Mary,
Keep us all in your prayers. Am. Corario

Dear Fr. Aloysius,

Greetings in the Most Bl. Sacrament
& the Imm. Heart of Mary.

We continue plugging away trying to
make some headway on the many projects
here at the Monastery. The enclosed work report
is incomplete because we had our Chapter
Mtg on Thur. since we have retreat on Sat.

Be assured that we are all trying to
comply with your wishes to make all the
necessary improvements on the property. The
only problem is we're overwhelmed with work &
not enough workers. Continue paying for us all.

January 24, 1981
San Juan de los Lagos

Dear Fr. Aloysius and Fr. Charles,

My warmest greetings in the Most Blessed
Sacrament.

FEB 02 1980
I hope that you both are doing fine and
that this letter finds you both in good health.
I intend to write every week to keep in touch
with you both constantly by letter. Briefly
I will try to sum up the major things I would
like to say.

Firstly, who will be the 2 counselors to
help me? Brothers Bill and Donald have that
function at present. ~~Then~~ Secondly, I would like
to tell you both that we organized the first meeting
of the one in charge and the counselors, yes-
terday. It went quite well. Br. Ernesto
will be sending you the minutes of that meeting.
I think it is an excellent idea because it
fosters the unity of the group and clears
up many loose ends. It also helps to ~~see~~^{see}
what is really happening and what has to be
done in the future. We are going to ~~have~~

have one every week.

FEBO 2 1980
The weather here is a little on the cold side now in January. Some of the brother want long-johns. All of us could use a pair of them. If it would be possible, maybe Fr. Charles could bring them down from the Monastery on his forthcoming visit. Other ~~than~~ than the long-john's, we are all right as far as bedding and clothing.

The other day we became members of a Confraternity in honor of the Blessed Sacrament which has as its end adoration of the Blessed Sacrament by night. The obligations do not bind under pain of sin, but they ask that a member make one hour of nocturnal adoration once a month. All the seminarians here are enrolled in it.

As far as spiritual direction is concerned it does not seem so bad off for the seminary if we have Fr. Charles as a Director, because the priest in charge told that so to Fr. Ernesto. In general they are anxious that

FEB 02 1980

we take a Spiritual Director. So I think that ~~so~~ everything will work out if we make things clear with the right persons, i.e., the Rector and the priest in charge of Spiritual matters. I say "with the right persons" (and this brings me to the next thing), because we have had a little bit of trouble with the present Perfect of Discipline, Fr. Blass (not Fr. Bobadilla, who is at present spiritual Father of our class in Philosophy). He did not like at all the idea of Fr. Charles coming to the seminary to spend the vacations with us here. In general it was difficult to deal with him on this matter. He seems to have little sympathy for us.

The Pope accepted the resignation of Bishop Nuño of this diocese a few days ago. Perhaps you all ready know this.

As far as the brothers are concerned, in general things seem to be going fine, but there are a couple of things that bother me. Br. Patrick eats sugar cane frequently during the day, because

he joins the other seminarians in doing this.

Br. Gregory was feeling bad about how he had behaved in Q. de Agua. He asked me in private pardon. Br. Bill is fine. The seminarians all like him for his little-heartedness. Br. Ernesto is fine also. He is more sociable with everyone. Br. Donald is fine, but at times manifests an inner confusion that I can not explain. As for myself, since ^{no one} ~~nobody~~ ~~has~~ is his own good judge, I leave it up to the others to say.

The other day Fr. Charles Murr, who gives classes here in the seminary to the theologians, had a cup of coffee with 4 of us. We talked a while and then he went on his way.

~~After~~ We will be able to go to Tepatitlan to see Fr. Charles. The best day to plan for is Sunday the ~~25th~~, 5th of February. I still have not contacted the Sisters in the "Casa de Ejercicios". When I do so I will let Fr. Charles know definitely ~~about~~ that things are all set.

Please pray for us. Fathers,

In the Most Blessed Sacrament and
the Immaculate Heart of Mary

Br. David Lewis, M.A.

Dear Kevin - Paz y Bien,

I was very happy to speak with you today on the telephone. I hope all is going well with you. I always remember you in my prayers and ask God to protect you and guide you in all ways.

You asked me how you could help me - please understand that I don't know how to ask sometimes (most times), but I appreciate and am most grateful to know that if I do need help I can turn to you. Please keep me in your prayers.

I didn't rewrite the letter to Father Agapino. Please let him understand as I said before in our last conversation we had that I'm feeling "lost" or "floundering" is how I put it - didn't I?

Spiritually speaking of course - also that I want to be more in tune with God - as far as my personal life is concerned. Whether it's to stay single, get married, become a missionary - etc. It would be nice to be more clear on this particular part. Of course I know Father cannot tell me what to do but St. Paul does state that we have to confirm what is told to us and that is the area I'm

looking at and praying about. I have
at a glance before the Lord and also
have prayed noncess and have even made
a pilgrimage regarding this, but I still
feel I must wait until I get more
direction - signals - I don't know.

I know it has to be God's time;
I know I must put it into His hands -
but what areas do I meditate on. so
He can answer me? Am I being too busy
and not silent enough? Please ask Father
to be kind and give me some time and
pray that the Holy Spirit will illuminate
him so he can counsel me according to
God's will and not mine; also that I may
have the courage to follow His will and
to know how to go about realizing what
I must do according to God's will.
I hope I have not overasked nor over-
taxed you nor Father. But I do appreciate
and am grateful for your help and Father's.

God bless you and keep you in
His Love, Mercy and make you a very
great St. providing I become the St.
He wills for me to become.

Father Juan de Ochoa, O.F.M., cap.
once told me that we would always
have to put God first; he said. "Queste
Lo que queste, Dios primero en todo."
He also said: "Lo obedencia hace los
milagros." May we be always faith-
ful to Our Lord.

Enclosed are clippings of the
Real Estate prices here in Arizona -
this area anyway. It will give you an
idea of how much ~~value~~ it has jumped here
too. The Sun Belt is still by far cheaper
than in California!

My parents home is in Paradise
Estates. The homes have jumped from orig. -
\$8,000.00 to \$25,000; and now are selling for
\$42,500 to \$50,000 depending on the improve-
ments of the homes. They originally sold for
\$8000.00 7 years ago! Fr. Ambrose said
my property is now very valuable and to
keep it because it's value will be much
much more in a few years.

Well, & - God bless you & keep you,
and may His angels be always with you.
Love in the Sacred Hearts,
Patricia

Dear Dr. Ellacuria:

Paz y Bien -

Sorry I have been out of touch for so long. Late summer I discovered I too was ill. I hope you are feeling much better and holding your own healthwise.

I discovered from Dr. Privitera that I have Pernicious anemia and Hypothyroidism (Low Thyroid - deficiency). Going into the fall I felt better, then worse. Long hours of work seemed to wear me down to an extent that when I came to Safford, Arizona to visit my parents for Xmas I didn't know I had a pneumonia virus in my lungs (of course!).

As usual my parents are eager to see me stay but I'm not happy here even though I'm with them and thank God for the blessing to be here with them. To pass the time I'm repairing a St. Joseph statue for St. Rose of Lima Church and am learning all about Basic - Level II that I can; Kevin Marion can explain that

to you from his experience with his TRS-80 computer. (Please give him my best regards.)

I feel I have been led to (into) a desert but I don't know why or where I'm to go from here. I am confused as to what to do without knowing God's will.

Many things have happened since summer of '80 and many crosses & trials ago - still I would like to fulfill what you told me about becoming what God wants for me. You said whatever I asked He would grant me if I have asked and all I have rec'd. from Him so far is Silence - also it seems to me.

I'm writing to you so you will pray for me and my personal spiritual Moral & Temporal needs & respecting & abiding God's will in my life always. Please pray for my soul and for my Parents. God love you and keep you in His protective care, Love, and Mercy.

With Love, Sincerely & Respectfully in
the Sacred Hearts of Jesus & Mary -

PHONE CALL WITH FR. CHARLES -- JAN 29, 1981

PURPOSE OF CALL WAS TO INFORM FR. CHARLES ABOUT BROTHER BILL'S LETTER OF JANUARY 15TH, THAT FR. ALOYSIUS CONSIDERED ANY DOUBTS ABOUT BILL'S VOCATION AS "LACK OF CONFIDENCE IN GOD."

FR. CHARLES STATED HE WOULD PROBABLY DELAY HIS TRIP TO SAN JUAN DE LOS LAGOS UNTIL SATURDAY, HE WOULD REMAIN UNTIL FEBRUARY 6TH. AT SOME RETREAT HOUSE DURING THE SEMESTER BREAK. THE PHONE IN TEPATALAN IS 378-20220.

WHEN QUESTIONED ABOUT THE BISHOP BECOMING ANGRY WHEN HE WAS INFORMED ABOUT THE PLAN TO SWITCH SEMINARIES, THE REPORT WHICH JOE O'CONNOR BROUGHT BACK WITH HIM, FR. CHARLES RESPONDED THIS WAS IN RESPONSE TO THE 12 POINTS THAT FATHER FOUNDER WANTED COMMUNICATED TO THE BISHOP.

VERY IMPORTANT IS THE FACT THAT ALTHOUGH IN FATHER CHARLES WORDS "THE BISHOP DOES NOT KEEP A GRUDGE" AND THE NEXT DAY HE WILL ACT AS IF NOTHING HAD HAPPENED, VERY IMPORTANT -- SINCE THIS INCIDENT, THE BISHOP HAS NOT TRIED TO INTERFERE IN THE INTERNAL AFFAIRS OF THE CONGREGATION, HE HAS STAYED AT A DISTANCE. IN FR. CHARLES' WORDS "HE DOESN'T COME AROUND ANY MORE. ALTHOUGH HE HAS NOW COOLED OFF." THIS IS MOST SIGNIFICANT, SINCE THIS WAS A CONTINUING PREOCCUPATION OF FR. FOUNDER FOR MUCH OF THE PAST YEAR.

FR. CHARLES JUST RECEIVED A COPY OF ANOTHER LETTER SENT BY BROTHER BILL CONCERNING "SPIRITUAL DIRECTORS" IN THE SEMINARY.

Dear Father Charles,

Thank you so much for your very spiritually uplifting letter. It is usually difficult to evaluate our own efforts, so we receive your praise with much gratitude.

I think Fr. Aloysius has misinformed you about the amount of our recent gift. The amount was \$20,000 not \$70,000. Total donations have been about \$70,000. Regardless, it is our intention to continue to help your cause since it is one of our favorite charities.

Fr. Aloysius has been so good to us. He still phones us every few days and gives us his blessing. He sounds much stronger than he did a month ago.

Mary and I are so grateful to you for your prayers in our behalf.

Gratefully yours,

Mary and Al Allegretti

Alamos, Son.

Dear and Reverend Father Founder:

What a wonderful day we had yesterday for Father Founder's Day!

Kevin informed me yesterday by phone that Your Reverence is very weak. you can be sure that you have all our prayers.

Your Reverence can have the great satisfaction to know that you have spiritual sons who have benefited for life by the good you have transmitted

to them in the Missionaries of
Perpetual Adoration. No matter how
great your physical and moral sufferings
at times may be, you can feel peace
at knowing that your spiritual sons
are alive and growing today because of
your efforts. I can never thank you
enough, dear Father.

The Bours family is inviting your
Reverence to fly down here in Joazeiro
Bours' private airplane. In Mary's Heart,
Fr. Charles

Reverend and dear Father Founder:

Joaquín Bours has a private plane. He has a daughter studying at Flintridge Sacred Heart Academy in the hills near Judge Early's house. The Bours' have said that he would be so happy to bring Your Reverence directly, and secretly, into Alamos. No one would ever know. Why not come down, like the Bishop wanted, before the hot weather comes in May.

There's a rumor that the next Bishop of S. Juan de los Lagos might be Bishop Miguel González. That way we could have our house of studies there. But you can't believe rumors.

Your Reverence has the satisfaction of having a continuation of a part of you here in Mexico, even if it is just the feet.

On San Bernardo a man asked

where in alamos we lived. So I said, in the former home of General Anselmo Macías. So he said, "What was once the home of Macías is now the home of ^{the} Messiah."

Receive a big hug, through the medium of your special son, Hermano Cesario Ramírez.

In the Immaculate Conception of Lourdes,

P. Carlos

Dear and Reverend Father Founder :

Yesterday afternoon Hmo. Cesario told me the telephone message Your Reverence had left us.

Father I know that I am not the person qualified for the work Your Reverence has entrusted to me. Nevertheless I see that God wants me, with all my limitations, to depend on Him to help me to do his Will.

In November, 1980, when I visited Your Reverence, the question whether Fr. Alonso had ever spoken against Your Reverence in my presence came up. I assured Your Reverence, in an unqualified manner, that Fr. Alonso may have said something to Your Reverence in the car that took us to San Gabriel Mission for the profession of vows, but that I did not listen to any of it because Your Reverence did not agree with that priest. Outside of this case, I promise Your Reverence most sincerely that Fr. Alonso never said anything

P.S. The parents of Bro. John are asking if they can come to visit him at Easter.

against you. Your Reverence may not recall at present that I assured you of this. Possibly your memory has failed somewhat as Your Reverence did tell me that you often forget many things that people tell you. Therefore, I come to assure Your Reverence again that Fr. Alonso never said things to me against Your Reverence.

Last night I tried to call Kevin about this so that Your Reverence could suffer less from what the devil has brought up as a way of creating division, sorrows in the heart, etc. The "third person" may have misunderstood something. This misunderstanding is forgivable.

Father, receive my best wishes to you, my prayers for your health, and the commendation of our intentions, especially the "Monumento a la Madre" which they want to build now. ^{dove} Fr. Charles

Father Founder & Fr. Superior
Misionaries of Perpetual Adoration

Dear Fr. Aloysius and Fr. Charles,

Our warmest greetings to both of you from all of your
sons in the Seminary.

I hope that this letter finds you both in good spirits.
We have very little time to write letters and do other things,
as they keep us busy with many things. I am taking out some
time now to write you these few lines.

Firstly, I received your very nice letters, Fr. Charles;
that quote from St. Francis de Sales gave me great consolation
to read. Thank you very much for sending it.

Our next vacations are in Easter week, but we have the
required permission to leave Holy week in order to come back
and stay in Alamos. I told Fr. Blas that you, Fr. Charles,
wanted us to return for Holy week. He said it was alright.
As you know they send the seminarians out to apostolate
during Holy week. We will be doing our "apostolate" in Alamos
than. This means that we will be able to leave for Alamos
the Saturday before Palm Sunday or the 11th of April. Until
that time we do not have any other day or days of vacation
or break. Therefore, another visit from you, Fr. Charles in
March will be virtually impossible because of the circumstances.
You would have to stay in the seminary, and we know that this
is not what they, the Superiors, like here for obvious structural
reasons, i.e., one to many superiors. Besides this we would
all be in classes and following the schedule here. Where would
we find time to meet and talk?

Concerning Br. Cesario, Br. Ernesto has talked with the
indicated persons in charged(the rector) about Cesario, and
has written a letter to Cesario about all this, i.e. his
entering the seminary. Br. Ernesto did not tell me anything
about the content of what the rector told him nor did I in-
quire him about it. So I refer you both to the letter that
he sent to Br. Cesario just recently.

About the food here in the seminary, it seems at times
to be lacking, to the contrary of what I wrote to you the first
time(letter to Fr. Aloysius). We have bought some food in
order to eat at a certain time of the day. We intend to con-
tinue buying the necessary food as long as we need to do so.
Other seminarians also buy food on the side.

I talked to the Rector about the fact that we could have
small reunions between the person in charge and his helpers.
In other words that we could have the meetings we were planning
on having in the future. I did this because sooner or later,
if we had such meetings as the first one, he(the rector) would
find out at any rate. It was a very nice talk that we had.

FEB 24 1981

At first the rector was a little reluctant to follow what I was saying. I said to him that these meetings helped us to adapt ourselves to the seminary and also provided needful information for our superiors. He said that we would not need to have such ^{frequent} meetings as Fr. Charles is visiting us often. He told me to speak with Fr. Blas, our immediate superior (for the section of Philosophy), about the matter. So I did. Fr. Blas was not in favor of such meetings because of the fact that upon seeing us do this the other seminarians would also want to meet together. And this would be bad. He expressed the desire on his part of talking with all of us, in order to know us better so that he could help us. He is a very sincere and religious priest. What I wrote saying that he has a blind spot to our needs can be applied still, but not in a negative way, that is, he is very well intentioned.

As far as the Brothers are concerned, they are all doing more or less fine. Br. Donald has been complaining of a headache and that he can not study. He went to the eyedocor and found out that he needs glasses. His headaches come from a defect in his eyes that can be corrected with glasses. The glasses are going to cost about 80 dollars, and he will have to wear them constantly according to what the doctor told him. Br. Bill is doing fine, although when we come back from the time we spent with Fr. Charles in Tepatitlan, I noticed that he would be much more involved with the other seminarians than with us. Now he is talking more with us. I could sense an inner battle within him. Br. Gregory is a little better. He is talking more. At times he appears to me to be timid in an unhealthy way. He is sensitive to the seminarians criticisms of him. Br. Patrick was given some clothing by his "bienachora", (una bienachora is the person who washes the clothes of a seminarian), and Br. Pat gave one of the shirts to another seminarian without asking me about it. I reminded him of his vow of Poverty, when he told me. Br. Ernesto is fine. He received a letter from his mother who was worried about him as he never wrote to her when he returned back to the Seminary in January. I told him to write to her. In the above about Br. Gregory you might be wondering what kind of criticisms he is receiving. I have not heard any for my part, but he has complained to me twice now about how they say he is so "holy", and like comments that he receives.

I guess that is about all I have to say right now. One thing more. In Kevin's garage there are some music books that I use to use in playing the guitar. Maybe they can be sent down to us here in the seminary. They are ~~methode~~ on how to play classical guitar. If you think it is alright to send them, I will wait for them. Perhaps it is only a silly whim that I have to see them again.

Keep us in your prayers. Oh! One other thing that I wanted to say. I do not think that it is necessary to change seminaries, because we have already started in this one, and it is bad to change all at once in the middle of the road. This seminary is probably the most conservative one in the country. Fr. Charles told me that the Bishop said that if we would change, it would look bad for the Bishop here in San Juan. And how would it look to another seminary when they see we already left one? Besides, Guadalajara is packed with students. They are going to have

FEB 24 1981

problems next year in accommodating the new seminarians from their "Curso Introductorio" in Talpalpa. This is what Marcos told me about two months ago in Alamos when we were on Christmas break.

I hope that I have not over extended myself in this letter. Pray for us. We hope to hear from you soon.

In the Most Blessed Sacrament and the Immaculate Heart of Mary,

Br. David Sereno, M.A.P.
